**International Photoacoustic
and Photothermal Association**

**Support Letter to Host the 2015 International Conference
on Photoacoustic and Photothermal Phenomena
In Novi Sad, Serbia**

Novi Sad, September 27th 2013

Distinguished Madams and Sirs,

It is with great pleasure that I extend my support to the efforts made by Institute of Multidisciplinary Research, University of Belgrade, as well as of Institute of Physics, University of Belgrade to officially submit their joint candidacy for hosting the 18th International Conference on Photoacoustic and Photothermal Phenomena July 2015 in Novi Sad.

I am fully convinced that by supporting these two renowned scientific institutions and that by organizing the next ICPPP 2015 we will prove to be worthy hosts and succeed in welcoming our dear guests from all over the world in the way our city and our country are well-known for.

Sincerely yours,

Miloš Vučević
Mayor of the City of Novi Sad
